## **BASIC FEATURES OF NEW TELEPHONE SYSTEM**

**1. To transfer a call**

- Dial “FLASH” key and extension number (If transferee does not answer, press the “FLASH” key again to retrieve the call back) Or Push the “Hook” button once (Hook button is the button operates when the receiver placed on your phone) then dial the extension number. (If transferee does not answer press “Hook” again to retrieve the call again!)

**2. To hold a call**

- Press flash or “Hook” button once. To retrieve the call again presses the flash or the “Hook” button again.

**3. Call back/Booking**

- When a number is busy, dial 2 and place the receiver on phone. You will hear a different ringing tone
- When the extension is not busy. (When you pick the receiver automatically the number you booked will dial).

**4. To pick a call from a group**

- To pick up a call from a group dial \*9 & take group extension.
